- link: visited

```
{  
  color: blue;  
  text-decoration: line-through;  
}
```

```
</style>
```

```
</head>
<body>
<ol>
<li>
<a class="link" href="https://www.google.com">Google</a></li>
<br>
<p>It is quick and efficient, used by major part of population.
    It has security issues and a global hegemony.
</p>
<br>
<li>
<a class="link" href="https://www.wikipedia.com">Wikipedia</a></li>
<br>
<p>It has a wide coverage of topics and is free to access.
    Anyone can make changes and is open to spam.
</p>
<br>
<li>
<a class="link" href="https://about.facebook.com/meta">Meta</a></li>
<br>
<p>Free and entertaining. Easy to use GUI. Has other apps
    like Whatsapp, Facebook and Instagram.
    Might be addicting for some and data collection issues.
</p>
</ol>
</body>
</html>
```
